

Student Notes:

A02 - Simple task outcomes:

- To learn language features and their definitions
- To create examples of language features
- To identify language features in an unseen text

Connect	Identify your current level of knowledge relating to language features (powerpoint slide 3).
New Information	Complete pages 1-3 of the booklet, identifying language feature definitions and 2 acronyms that will support you with answering both Q5's in paper 1 and 2. Complete this section as independently as possible and use powerpoint slides 4-8 to support you if needed .
Demonstrating knowledge	Complete page 4 of the booklet using powerpoint slides 9-27 to support you with this . You will identify the meaning of each language feature and create examples that relate to you.
Independent task	Complete page 5 of the booklet, identify given language features in a short section of an unseen text. (powerpoint slide 28 supports this section).
Review	Review your level of knowledge relating to language features, has it improved since the start of the session? (powerpoint slide 29). <i>Links to further revision:</i> https://www.youtube.com/watch?v=L_dE68iUg-k&t=4s https://www.youtube.com/watch?v=R UWxpg_EmeM https://www.youtube.com/watch?v=MMg69YvKSzs&t=26s https://www.youtube.com/watch?v=uCMniNKxLFk&t=38s
